

Great Yarmouth Wellington Road Bus Station, Travel Office & Garage in 1968. This is where my passion for Eastern Counties began! My school was just around the corner in St Peter's Road. The vehicles awaiting departure are LFS 68 (68 DNG) dating from 1963 and FLF 453 (JAH 553D) dating from 1966. FLF 453 is about to leave for the neighbouring seaside resort of Lowestoft via Hopton and Corton. The garage and travel office were demolished in the mid 1990s to make way for a development of flats. The garage was built in 1937. Photo courtesy of Maurice Doggett.
