

**Lowestoft** Gordon Road Bus Station & Garage in 1968. The vehicle about to depart for Beccles on Service 2 is LC 574 (6574 NG), a Bristol SC4LK lightweight 35 seater saloon dating from 1960. Just visible, hiding in the garage out of the rain are three further vehicles (an RL, RS and an LM). The building was originally a cinema and was converted in 1934 to a bus garage by ECOC. It was demolished sometime in the 1980s to make way for the Britten Shopping Centre. Photo courtesy of Maurice Doggett.
